

LEAD Parent App Installation and Activation Guidelines

1. Parents need to download the LEAD Parent App from the Google playstore
2. Parents need to generate the OTP by using only the number which is registered with the school, and register themselves to create a user ID and password

Parents can have access to their child/children's

1. Attendance
2. Homework
3. Unit Progress
4. Assessments
5. Online Classes

If both the parents have shared their numbers, they both can have access to their child/children's data on the Parents App separately.

Also, all the children, who use the LEAD curriculum, could be accessed through the single parent ID.

Please use this link to download the LEAD SCHOOL PARENT APP
